

NO SNACK POLICY

The GSC, in consultation with Jumpstart, has decided to ask coaches to not create snack lists for their teams. Jumpstart provides assistance to the GSC to subsidize registration fees for those children whose families cannot pay. They have pointed out to us that participating in a snack list may be financially draining for some families in our organization.

These families are likely the last ones who would speak up about their financial challenges. So that we keep our sport available to all youth in Georgetown, we ask that you do not potentially add to someone's financial burden by asking them to provide a snack for the team.

Thank you for your understanding of this situation. We subsidize approximately 20 players each year and we want to ensure that these players feel safe and accepted in our organization.
